# House Signs

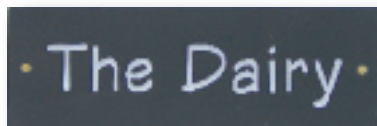

ROMAN CHARACTERS

A house sign is an important statement. A statement not only about the building it proclaims but also about its owners. That's why a new house sign needs careful thought, appropriate design and meticulous production.

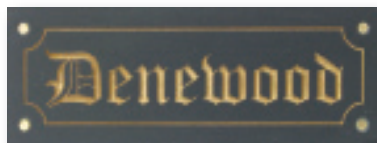

A new house sign crafted from natural slate is an emblem that can last a lifetime. Whether it's to renew and refresh a design forged over the centuries or to project a sense of place or exclusivity, a natural slate house sign always has something to say and will be admired for years to come.

## Other Fonts

Our standard fonts are incredibly popular, but you're not restricted to just these nine typefaces. In fact, any font that you've got on your computer can be used to create your sign. Please speak to us if you'd like to use an alternative font.

## Fixings

For standard fixings, we drill countersunk holes through the sign and provide screws (brass or stainless steel) and wall plugs with each order.

A hidden fixing method using glue, threaded steel pins and holes drilled into the reverse of the sign is also available. Once fixed, nothing is visible on the front of the sign.

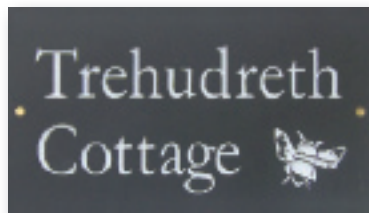

No fixings are required if you're fitting the sign into a recess in a wall, where the recess itself will be supporting the weight of the sign. Carefully cement your sign into the recess.

It is not possible to fix our signs by glueing them directly to a wall or other flat surface – they're simply too heavy.

# Commemorative Plaques and Commercial Signs

Honouring someone's achievement? Announcing you're in business? Or remembering a cherished date? A stylish commemorative slate plaque or commercial sign, commissioned by you and hand crafted by Atlantic Signs, will be a fitting tribute that can be proudly displayed and appreciated by generations to come.

# Pet Memorials

Many of our animal friendships touch us deeply and when a beloved pet passes away the loss is often keenly felt. One way of commemorating its life and the effect it may have had on those who cherished it, is with a pet memorial.

A slate memorial provides a lasting focus for the grieving, preserves a memory of your pet and makes somewhere special to remember your pet indefinitely.
